

# Advanced SAFe® Practice Consultant

## Elevate Your Impact, Drive Lasting Transformation

Elevate your SAFe expertise through the Advanced SPC (ASPC) course, which is designed for experienced SPCs who want to drive sustainable transformation and deliver maximum impact. Built on feedback from over 1,000 active SPCs, this program provides the advanced skills and exclusive benefits you need to succeed.

### What You'll Gain

#### Master the art of executive communication

Learn to engage leaders and talk about value in their language through dynamic simulations and peer feedback.

#### A roadmap to sustainable transformation

Learn how to effectively engage leaders to accelerate and sustain SAFe transformations.

#### Navigate the evolving context of AI

Address and lead transformations as you guide the future of work.

#### Exclusive teaching rights

Earn the exclusive right to teach select advanced SAFe courses, including SAFe Advanced Scrum Master, SAFe Release Train Engineer, and SAFe Lean Portfolio Management.
