

AI-Empowered SAFe® SAFe Release Train Engineer

Facilitate ARTs, optimize value delivery and accelerate with AI.

In this three-day certification course, you will learn the skills to be an effective, AI-Empowered SAFe Release Train Engineer (RTE) in a SAFe enterprise. We will cover how to lead Agile Release Trains (ARTs), facilitate events, and coach teams for continuous improvement. You will also explore how to leverage AI as a work accelerant, using new skills in prompting and pattern recognition to enhance risk identification and problem-solving, all while adhering to responsible AI principles.

What You'll Learn

Lead the Agile Release Train (ART)

Facilitate key SAFe events, especially PI Planning, to align all teams on a shared mission and vision.

Accelerate ART Coaching and Relentless Improvement

Use AI-powered tools to identify performance patterns, dependencies, and risks you might otherwise miss.

Optimize the Flow of Value

Manage risks and dependencies, foster cross-team collaboration, and remove complex organizational impediments for the entire ART.

Apply Practical, Responsible AI Prompting Techniques

Accelerate complex problem-solving, analyze data, and enhance your personal effectiveness as an RTE.

Topics Covered

- Organizing the ART
- Facilitating PI Planning
- Supporting PI Execution
- Optimizing Flow
- Improving Relentlessly
- Coaching the ART
- AI for the RTE

Benefits of Earning Your RTE Certification

Earning your RTE certification and keeping it active also provides access to SAFe+ benefits like SAFe Skills and selected workshops, in addition to SAFe knowledge articles, community forums, exclusive content, and more.

“SAFe transfo

teams with strategic goals, and providing a scalable framework for agile success. It has been a key driver in achieving greater efficiency, predictability, and overall project success.”

– Martha Madhuri, Release Train Engineer, *OneAmerica Financial*

Who Will Benefit?

- Scrum Master–Team Coach
- Solution Train Engineer
- Existing Release Train Engineer or Solution Train Engineer
- Agile Coach or Agile Program Manager
- Project or Release Manager
- Delivery Lead or Operations Manager
- IT or Business Leader

What You Get

Class registration includes:

- Digital course workbook and materials
- One-year access to SAFe Insider, which includes unlimited access to the SAFe Framework, SAFe CoPilot, and select SAFe Connect Forums
- Opportunity to earn an industry-leading SAFe Release Train Engineer (RTE) certification, renewed yearly

Attendees must attend both days of the course in order to qualify for the exam.

Prerequisites

All are welcome to attend the course, regardless of experience. However the following prerequisites are highly recommended:

- Experience within an ART for at least one PI
- SAFe Agilist (Leading SAFe)

Professional Development Units (PDUs) and Scrum Education Units (SEUs)

- Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications
- Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance
