

SAFe® for Teams 5.1 with SP Certification

Establishing Team Agility for Agile Release Trains With SAFe® 5 Practitioner (SP) Certification

Build the skills needed to become a high-performing team member of an Agile Release Train (ART)—and learn how to collaborate effectively with other teams—by becoming a SAFe® 5 Practitioner (SP).

During this two-day course, you will gain an in-depth understanding of the ART, how it delivers value, and what you can do to effectively perform your role using Scrum, Kanban, and Extreme Programming (XP).

You will also learn how to write stories and break down features, plan and execute iterations, and plan Program Increments. Finally, you'll learn about the continuous delivery pipeline and DevOps culture, how to effectively integrate with other teams in the program, and what it takes to continuously improve the train.

Learning Goals

To perform the role of a SAFe Practitioner, attendees should be able to:

- Apply SAFe to scale Lean and Agile development in their enterprise
- Know your team and its role on the Agile Release Train
- Know all other teams on the train, their roles, and the dependencies between the teams
- Plan Iterations
- Execute Iterations and demonstrate value
- Plan Program Increments
- Integrate and work with other teams on the train

Topics Covered

- Introducing the Scaled Agile Framework (SAFe)
- Building an Agile Team
- Planning the Iteration
- Executing the Iteration
- Executing the Program Increment

What Attendees Get

The class registration includes:

- Attendee workbook
- Attendee workbook
- Preparation and eligibility to take the SAFe® 5 Practitioner (SP) exam
- One-year membership to the SAFe Community Platform
- Course certificate of completion

Attendees must attend both days of the course to qualify for the exam.

Who will benefit?

The following individuals will benefit from this course:

SAFe for Teams ©2016-2021 Scaled Agile, Inc.

- Team Members who apply Lean and Agile at scale
- All Members of an Agile Release Train preparing for launch

Prerequisites

All are welcome to attend the course, regardless of experience. However, the following prerequisites are highly recommended for those who intend to take the SAFe® 5 Practitioner (SP) certification exam:

- Familiarity with Agile concepts and principles
- Awareness of Scrum, Kanban, and XP
- Working knowledge of software and hardware development processes

SAFe Certification Kit

Attendees who pass the certification exam will receive:

- Certified SAFe® 5 Practitioner PDF certificate
- A SAFe® 5 Practitioner digital badge to promote your accomplishment online
- One-year certified membership as a SAFe Practitioner, which includes access to the SP Community of Practice
- Access to Meetup groups and events that connect you with other certified SAFe professionals
- A variety of learning resources to support you during your SAFe journey

Annual Renewal

Certifications expire one year from the date the certification is earned.

Renewal fee is \$100

- Exam cost First exam attempt is included as part of the course registration fee if the exam is taken within 30 days of course completion. Each retake attempt costs \$50.
- Retake policy Second attempt on exam (first retake) can be done immediately after first attempt.
 Third attempt requires a 10-day wait. Fourth attempt requires a 30-day wait. Contact
 support@scaledagile.com for any retake questions.

Professional Development Units (PDUs) and Scrum Education Units (SEUs)

- Attendees may be eligible to apply for PDUs toward their continuing education requirements with
 the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications. Please refer to
 this page for more details: https://support.scaledagile.com/s/article/How-do-I-claim-my-PMI-PDUs
- Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance

Recommended class size and onsite training options

- SAFe for Teams is most effective when delivered as an on-site class in a real-world setting.
- Recommended minimum class size is all team members on an ART. Maximum class size is 150 students.
- This course can be delivered by SAFe_® 5 Program Consultants (SPCs) who have validated their credentials for SAFe for Teams.
- On-site delivery of this course is also available through the Scaled Agile Partner Network.
