

SAFe® Lean Portfolio Management with 5.1 LPM Certification

Aligning strategy with execution with SAFe® 5 Lean Portfolio Manager Certification

Lean Portfolio Management (LPM) is a two-day, interactive course that teaches the practical tools and techniques necessary to implement Strategy and Investment Funding, Agile Portfolio Operations, and Lean Governance.

Participants learn to capture the current and future state of their portfolio with the Portfolio Canvas tool and identify important business initiatives for achieving the portfolio vision. Participants also learn how to establish portfolio flow with the Portfolio Kanban and prioritize epics for maximum economic benefit. Additionally, the course provides insights on how to establish Value Stream Budgets and Lean Budget Guardrails, and how to measure the Lean portfolio performance.

An additional 1-day workshop is available to help enterprise teams get started with LPM in their organization.
