

SAFe® Release Train Engineer 5.1 with RTE Certification

Facilitating Lean-Agile Program Execution With SAFe® 5 Release Train Engineer Certification

Facilitate and enable end-to-end value delivery through Agile Release Trains (ARTs)—and learn how to build a high-performing ART by becoming a servant leader and coach—when you become a SAFe Release Train Engineer (RTE).

During this 3-day course, attendees will gain an in-depth understanding of the role and responsibilities of an RTE in the SAFe enterprise. Through experiential learning, examine the RTE role in a Lean-Agile transformation. Learn how to facilitate ART processes and execution, coach leaders, teams, and Scrum Masters in new processes and mindsets. Explore how to prepare, plan, and execute a Program Increment (PI) planning event, the primary enabler of alignment throughout all levels of a SAFe organization.

Learning Goals

To perform the role of a SAFe Release Train Engineer, attendees should be able to:

- Apply Lean-Agile knowledge and tools to execute and release value
- Assist with program and large solution execution
- Foster relentless improvement
- Build a high-performing ART by becoming a servant leader and coach
- Develop an action plan to continue the learning journey

Topics Covered

- Exploring the RTE Role and Responsibilities
- Applying SAFe Principles
- Organizing the ART
- Planning a Program Increment
- Executing a Program Increment
- Fostering relentless improvement
- Serving the ART
- Continuing your learning journey

What Attendees Get

The class registration includes:

- Course materials
- Remote learning via SAFe® Virtual Classrooms
- Access to SAFe® Collaborate, a visual online workspace
- One-year membership to the SAFe® Community Platform
- Access to content, tools, and resources you need to practice SAFe every day

- SAFe Release Train Engineer certification exam

Attendees must attend all days of the course in order to qualify for the exam.

Who will benefit?

The following individuals will benefit from this course:

- RTEs and Solution Train Engineers (STEs)
- Program and project managers
- Scrum Masters
- Leaders and managers
- Agile coaches
- SAFe Program Consultants (SPCs)

Prerequisites

The following prerequisites are **highly recommended** for those who intend to take the SAFe Release Train Engineer (RTE) certification exam:

- Hold at least one current SAFe certification
- Have launched or participated in at least one ART and one PI

These skills and knowledge are highly recommended in order to be successful in passing the RTE exam:

- SAFe certification
- Cross-team communication skills
- Full use of SAFe Principles in action
- Coaching Agile and SAFe facilitation and leading by example
- Launch or participate in at least one ART and one PI
- Working knowledge of team dynamics

SAFe Certification Kit

Attendees who pass the certification exam will receive:

- Certified SAFe® 5 Release Train Engineer PDF certificate
- A SAFe® 5 Release Train Engineer digital badge to promote your accomplishment online
- A one-year certified membership to the SAFe Community Platform, which includes access to the RTE Community of Practice
- Access to Meetup groups and events that connect you with other SAFe Certified Professionals
- A variety of learning resources to support you during your SAFe journey

Exam Details

- Exam name: SAFe® 5 Release Train Engineer Exam
- Exam format: multiple choice or multiple select (2-3 answers)
- Exam delivery: web-based (single-browser); closed book; no outside assistance; timed
- Exam access: Candidates can access the exam within the SAFe Community Platform upon completion of your SAFe RTE course.
- Exam duration: once the exam begins candidates have 120 minutes to complete the exam
- Number of questions: 60
- Passing score: 45 out of 60 (75%)
- Language: English
- Exam cost: First attempt is included as part of the course registration fee if the exam is taken within 30 days of course completion. Each retake attempt cost \$50.

Professional Development Units (PDUs) and Scrum Education Units (SEUs)

Attendees may be eligible to apply for PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications. Please refer to this page for more details: <https://support.scaledagile.com/s/article/How-do-I-claim-my-PMI-PDUs>
